## Education

### LJ Institute of Engineering and Technology

*Bachelor of Engineering in computer engineering*

**Sep. 2024 - Present**

*Ahmedabad, Gujarat*

### Government polytechnic Ahmedabad

*Diploma*

**Jul. 2024**

*Ahmedabad, Gujarat*

### SGVP Gurukul Memnagar

*SSC*

**May. 2021**

*Ahmedabad, Gujarat*

## Objective

“To work in a company where I can learn more and use my frontend skills like HTML, CSS, JavaScript, and React.”

## Academics

• BE Sem 3 : 7.79

• DIE Sem 6 : 9.11

• DIE Sem 5 : 9.02

## Technical Skills

**Languages:** Python(OOP), HTML/CSS, SQL

**Frontend Technologies:** Tailwind CSS, React JS

**Database Technologies:** MongoDB

**Developer Tools:** VS Code

**Version Control:** Git, Github

## Projects

### Inventory Management System | Using Django

- Built a complete Inventory Management System using Django, providing tools for tracking stock, sales, and purchases.
- Developed modules for product management, supplier records, invoice generation, and stock-level alerts.
- Included modules for stock in/out operations, product categories, supplier details, and sales records.

### Bus Reservation System | React with MongoDB

- Developed a functional online bus booking system with essential features like bus listing, seat selection, and ticket booking.
- Implemented user login and registration with secure authentication.
- Enabled real-time data updates and booking confirmation with MongoDB for managing user and booking records.
- Focused on performance optimization and efficient state management using React Hooks and Context API.

## Certifications

### Exploratory Data Analysis for Machine Learning

*IBM*

**Jun, 2025**

*Coursera*

### Introduction to HTML, CSS, & JavaScript

*IBM*

**Dec, 2024**

*Coursera*

### Odoo Hackathon 2025

*Odoo*

**August 2025**

*Odoo*
